# NYGÅRD for Life

NYGÅRD For Life sponsorships include an annual endowment fund to Cancer Care — a national nonprofit organization that provides free,

professional support services for anyone affected by cancer.

Through this special fund, Cancer Care is able to bring in world-class researchers to work at the NYGÅRD-sponsored Breast Cancer Tumor Bank. Ultimately, all monies raised through NYGÅRD for Life directly impact breast cancer survivors and further the much-needed research to find a cure.

**MARLENE MARCO**  
ON, Canada – Independent Team Leader

Much has changed in 35 years since my first cancer diagnosis — I'm proud and blessed to be working with a company who puts such massive support into breast cancer research.

**VICKY HARRISON**  
ON, Canada – Independent SR. Nygård Stylist

It is so rewarding to be with a company that supports research into breast cancer, as well as early diagnosis through their mobile units.

**LIISA NYGÅRD**

"When I found out 2 years ago I had metastasized breast cancer, I didn't know if I would make it to this year. When my brother found out, he jumped to action. Thank God for my brother. He has helped me with it, and I'm marching to good health. I am a survivor. Thanks to my brother Peter."
